Want to extend your limits, dive deeper, explore more exotic sites?

Want to learn how to safely and respectfully explore sunken ship wrecks?

If yes to both, our combined Deep and wreck course is for you. This provides you with 2 certifications and gives you the skills to dive down to 40M, and to dive through wrecks that may otherwise not be accessible.

Many exciting dive sites are located in deeper water.

Without proper training, this kind of diving puts you at risk.

The SSI Deep Diving Specialty teaches you the skills to safely and comfortably plan and conduct dives beyond 18 meters, and is a prerequisite for other advanced training.

Many of the ocean's best dive sites have artificial reefs, or wrecks that have sunk through the ages. The Wreck Diving Specialty gives you the skills and knowledge required to safely scuba dive above and around these underwater treasures.

What's Included:

- 4 Boat dives
- 1 theory evening in Canberra
- Online training
- 50% off all hire gear needed for the course
- 10% discount on any scuba purchase whilst on course and up to 14 days after
- Nitrox course available for an extra \$195
